COMPANY PROFILE

ABOUT US

Stealth Protection Services was founded with a clear purpose: to deliver dependable, intelligent security and tracking solutions that protect what matters most.

Since our establishment, we have remained committed to providing advanced fleet tracking and security technology built on precision, reliability, and trust. By combining cutting-edge systems with proven operational principles, we ensure real-time visibility, control, and peace of mind for our clients.

Our solutions are designed to support businesses across logistics, fleet management, and asset protection, enabling informed decision-making through accurate, real-time data. We pride ourselves on unwavering reliability, consistent performance, and a disciplined approach to service delivery.

INVISIBLE SHIELD. UNMATCHED PROTECTION.

FOUNDER

Stealth Protection Services (Pty) Ltd is a PSIRA-registered, insurance-compliant, and privately owned security company based in Durban North, Kwazulu-Natal.

Founded with a clear vision for reliability and precision, the company is built on the **principles of strength, discipline, and trust**. These values are embodied in its **emblem, the Panther Shield** – symbolising protection that is both invisible and unmatched.

Operating on a foundation of **integrity** and **operational excellence**, **Stealth Protection Services** delivers **advanced real-time tracking solutions** for logistics fleets, complemented by armed and unarmed security services. Its solutions are designed to safeguard high-value cargo, critical assets, and private-sector operations across South Africa.

The company remains committed to protecting what moves the nation through vigilance, technology, and unwavering accountability.

Tracking and clamping services are fully available. Other security services available on request and quoted accordingly.

OUR PURPOSE

The Panther Shield

Represents our core promise: silent strength, constant vigilance, and unmatched protection.

The panther symbolises precision, control, and dominance in motion, while the shield reflects security that is always present, even when unseen.

Our Brand Identity is defined by our colours:

- **Black** represents authority, discipline, and professionalism.
- **Red** signifies vigilance, strength, and rapid response.
- **Grey** reflects reliability, balance, and operational stability.

Our Mission is to provide advanced security and real-time tracking solutions that protect logistics operations, critical assets, and high-value cargo across South Africa through disciplined execution and intelligent technology.

Our Vision is to

- Increase route and asset visibility through real-time tracking
- Prevent cargo loss, tampering, and unauthorised access
- Ensure the highest standards of safety and reliability.

Our Commitment is to operate with integrity, innovation, and operational excellence, positioning Stealth Protection Services as the trusted security partner of choice.

WHY CHOOSE STEALTH PROTECTION SERVICES

PSIRA-registered and fully insurance-compliant for absolute peace of mind.

Real-time GPS tracking with precise route visibility for trucks and trailers.

Discreet, dependable protection built on traditional values of integrity and discipline.

Rapid 24/7 monitoring and response for safer cargo and safer journeys.

Privately owned company offering personalized, hands-on service.

Advanced technology paired with strict confidentiality and professional ethics.

Accurate reporting and accountability on every trip, every time.

A security partner that strengthens your operations rather than disrupting them.
